To whom it may concern:

We recognize that a key requirement for participation in the Global Compact is the annual submission of a Communication on Progress (COP) that comprises of a statement of continued support for the Global Compact, a description of practical actions that our company has taken since our last COP, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due to December the 31st 2012, because unfortunately we were very busy with the last business activities of this year and so we could not dedicate the proper time to the realization of the COP.

We hereby ask for an extension period in order to be able to submit a COP that describes our company's efforts and progress to implement the ten principles of the Global Compact. Our new COP report will be posted on the Global Compact website by March the 31st 2013 at the latest.

Sincerely yours,

Mr. Stefano Gagliardo
Customer Service Manager
