To our stakeholders:

We recognize that one of the fundamental requirements to participate in the United Nations Global Compact is to present our Communication on Progress (COP). This contains a statement of continued support for the Global Compact, the description of practical actions taken and the impact of these.

We would like to inform you that our CoP, which describes our company's efforts and progress in internalizing the 10 principles of the Global Compact will be ready on the website in the next 90 days.

We will be handing our CoP 2011 presentation on January 30th, 2013.

Sincerely yours
