Subject: Request to extend the submission of Communication on Progress (COP)

Rastgar Engineering Company is a member of United Nation Global Compact since 2006. We recognize that a key requirement of participation of United Nation Global Compact is the annual preparation and posting of a Communication on Progress (COP).

We are late in creating and posting our COP report due to heavy work load of sales and production

We hereby request for an extension period in order to be able to submit COP by the **25th March, 2013**.

Sincerely,

SAIF ALI RASTGAR
