

## Imperial Strom

9 Feb 2013

To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due to annual accounting stocktaking that is taking place the current months and is of utmost importance for the firm and according to country's laws. Moreover, since it is our first time in creating our COP report, more time than initially estimated was needed to collect all data and to prepare a proper COP that complies to all requirements.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by 10<sup>th</sup> May 2013 at the latest.

Sincerely yours,

Mrs. Angeliki Avloniti
