

## ***To United Nations Global Compact***

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP).

This year, we are late in submitting our COP report due to some organisational and personal changes in the responsible department.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact.

Thank you for your understanding,

Sincerely,  
Michiel Kampers
