

20 February 2013

United Nations Global Compact
Two United Nations Plaza
New York, NY 10017
USA

Dear Sirs,

UN Global Compact Grace Letter

We are requesting for an extension to submit our COP policy from the current date of 21 February 2013 to the new dateline of 31 March 2013.

This is due to the fact that we are currently implementing a facility for CSR within our company whereby we will provide services in the CSR area to our clients.

We are in advanced discussions with KPMG Malaysia to provide a joint service in the CSR arena. KPMG already has a facility but we expect that our joint capability will provide a more meaningful service for the audience in Malaysia.

In addition to the general market in Malaysia, our facility will also ingratiate the GC principles within the staff of our company.

We look forward to your kind approval.

Thank you.

Yours faithfully.

Gerald Miranda
CEO
