From Tad Kumagai from Michinoku Trading

Re: Request for the extension of submitting COP

Dear United Nation Global Compact administrative office,

We, Michinoku Trading would like to submit this grace letter as our request to extend our COP for 90 more days. We apologize for this delay but due to the high volume of the information that we have to put together to complete this year's report, we would need at least one more month in order to complete the document.

Thank you for accepting this request and we will do our best to submit our COP as soon as we could.

Sincerely,

Tad Kumagai  
Michinoku Trading/Moringa Life  
Executive Manager
