To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due to lack of personal, because of changes in the company. We are medium, sized (250 employees and therefore it is very difficult to create a COP for us, but we will try to do so in the next three months. We are still working under the principles of the Global Compact and are a complete CO2-free company.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by *First of June 2013* at the latest.

Sincerely yours,

Andreas Schrägle
CEO
