Grace letter asking for an extension of the deadline for submitting mc's COP

To whom it may concern:

We hereby request an extension of the deadline for our annual Communications on Progress (COP). media consulta is excited about our improvements in the implementation of UN Global Compact's 10 principles. However, in recent months we have had an enormous amount of work for various clients and several business trips – the latter partly on short notice. Therefore, we are afraid that we need some more time to include the variety of new information in a well-structured report.

I would like to apologise for the delay, but promise to submit the COP soon. Thank you very much for your patience.

Yours Faithfully,

Harald Zulauf
