To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due to the fact that we did not have a dedicated resource assigned to the task. We have now taken serious steps in identification of a focal point assigned to the task from within SUTRAC and guidance from the Corporate Communications department of our Headquarters DAL Group. We are now in a better position to document and compile the necessary information for a COP but request the extension of the Grace Period.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by 14.7.2013 at the latest.

Sincerely yours,

Mr. Steven Bibawi
SUTRAC General Manager
