Mr. Leimer Tejada
Relationship Manager
United Nations Global Compact

Dear Mr. Tejada:

With this Grace Letter, Alpina would like to ask the United Nations Global Compact for a 60 days extension of our Communication on Progress (CoP) due date. Given this extension, we are committed to submitting our Communication on Progress before June 30th 2013.

We are currently working on the English to Spanish translation of our Sustainability Report and we are finishing the external verification process by Deloitte. Once we have completed both of these tasks, we will be ready for submitting our CoP.

Thank you for your consideration and we will be available in case you have any further questions.

Sincerely,

JUAN MANUEL RAMÍREZ ROLDÁN
Corporate Sustainability Manager
