Grace Letter: Extension Request Fraport AG COP 2012

To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes. In fact, since 2007, we have been showing our commitment to the principles of the UN Global Compact.

In 2012, our company reorganized the sustainability reporting towards an online report. As a result, the reporting process experienced a shift with regard to the date of publishing. Regretfully, we won't be able to comply with the current deadline.

We hereby ask for an extension period of 12 days, in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by May 16th 2013 at the latest.

Sincerely yours,

Fraport AG

Nicole Scheer
