Object: Deadline Extension

To our stakeholders,

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due by the following reasons: We approach the end of this current vanilla crop now; all our managerial actions must be oriented especially in the business exploitation. In this month of May also, we must think and work very much with our bank about all preparations for the next vanilla crop which will be beginning on July 2013. On June habitually, our company will be in inter-season and will have many comfortable time to insure our new COP report. In the next, we will keep many attentions to respect the normal deadline.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by 6th July 2013 at the latest.

Sincerely yours,

RAKOTOMAHANINA Mamisoa
