Ref.: Grace letter to extend COP deadline

Our Company COP reporting deadline was due last April 26<sup>th</sup>, but unfortunately was impossible to reach it, since our industry is experiencing a critical raw material condition, requiring additional efforts from our staff, leaving us shorthanded to comply with several activities on time, being our COP to UNGC one of them.

Therefore, we kindly request the approval of a 90 day extension of our due date of our Communication on Progress, to July 26<sup>th</sup>, 2013, and we don't foresee any inconvenience to duly report on or before this new requested deadline.

Our apologies for this unexpected delay.

Sincerely,

Andres F. Daroch  
General Manager
