To our stakeholders

**Request for an extension of the Communication on Progress (CoP) deadline for Royal Bafokeng Platinum Ltd (RBPlat)**

We hereby reiterate our commitment to the Principles of the UN Global Compact (UNGC) with respect to human rights, labour standards, protection of the natural environment and the fight against corruption.

Furthermore we acknowledge that the annual reporting of our progress against these Principles is essential for keeping our stakeholders informed on our progress in fulfilling the above mentioned commitment.

As a relatively new company (incorporated on the 1<sup>st</sup> July 2008) and recently readmitted signatory to the UNGC we would like to request a 90 day extension for the submission of our CoP. This request is based on recent changes and developments within the company which impacts directly on our reporting deadline.

We have recently appointed an Executive of Risk and Assurance who has, as of mid-April 2013, also taken on the Sustainability portfolio. He is currently in the process of familiarising himself of our status quo and developing a Sustainability Framework and Strategy to embed the process within the company through practical actions and measurement of expected outcomes. Furthermore, our newly established Social and Ethics Committee of the Board, (in terms of the South African Companies Act No. 71 of 2008), needs to approve the aforesaid framework and strategy before public disclosure and implementation.

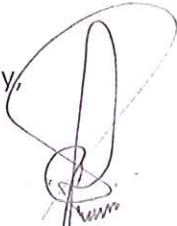

Our achievements to date will however be made available through our recent Integrated Annual Report 2012.

Our CoP will therefore be submitted no later than the 28<sup>th</sup> August 2013; 90 days from the original due date of 30 May 2013.

I hope this request meets with your approval.

Sincerely,

---
