Re: Grace Letter - Requesting Reporting Extension of Communication on Progress (COP)

Regarding Bloomberg LP's submission of the UN Global Compact COP, we are officially requesting an extension of our reporting from the original May 16, 2013 deadline. We will be submitting our 2013 Sustainability (i.e. GRI) Report, representing data and updates as of year-end 2012. This year we are upgrading many features of the report, and as such it is not yet complete and published.

Since we recognize that once a COP is posted on the UN GC website it becomes publicly accessible, we must wait until the official publish date of our 2013 Sustainability update to post it to UN GC. I recognize the Grace Period interval can be up to 90 days, but we expect to post our report as COP in June 2013.

If you have any questions, I would be happy to discuss. Thank you.
