Dear Sirs

Re : UN Global Compact – Britcon (Scunthorpe) Limited

In respect to our company's non-communicating status, we fully appreciate we have not as yet made formal communication with yourselves in relation to 'Global Compact' commitment. We have however made progress in many of the areas in which you seek improvement.

Our non-communication is wholly due to our Business Development Departments focus on providing sufficient contracts and opportunities to ensure our Civil Engineering and Construction business remains buoyant during this increasingly demanding period.

May we respectfully request an extension to the 5th July date as this now also falls significantly during our staff holidays and shutdown periods. We have taken our commitment to the initiative most seriously but as stated above concentrated current efforts into our continued trading.

This letter constitutes confirmation of our email dated 10th June 2013.

Yours faithfully
Britcon (Scunthorpe) Ltd
