**Global Compact: RE Communication on Progress / The Sustain Group & Sanseman Government**

To whom it may concern,

We would like to apply for an extension of time under the grace period provisions. Sustain is attempting to align all of its reporting obligations into one period and we anticipate being able to submit an integrated report within the next four weeks and certainly by the end of the 1<sup>st</sup> week of July 2013.

Integration is important to us as it will allow us to provide a single reporting standard across our business and to stakeholders that also coincides with the end of our financial year.

I thank you for your consideration

Sincerely,
