To whom it may concern : TIL TECHNOLOGIES

We recognize that a key requirement for participation in the Global Compact is the annual submission of a Communication on Progress (COP) that comprises of a statement of continued support for the Global Compact, a description of practical actions that our company has taken since our last COP, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due to the 15th of October 2008, because the person in charge of the COP was on maternity leave for 6 months.

We apologise for the delay, and we hereby ask for an extension period in order to be able to submit a COP that describes our company's efforts and progress to implement the ten principles of the Global Compact.

We therefore certify that our new COP report will be posted on the Global Compact website by the 15th of November 2009 at the latest.

Sincerely yours,

Ms Jessica BARON  
Human Resources
