

14th of December, 2009

To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due the integration with the new shareholder. Serasa begins a new phase since July 2007. With 70% of its shares acquired by Experian, a worldwide leader in credit services, the company is now part of an international information network.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by 15th of February, 2009 at the latest.

Sincerely yours,

Tomas Carmona
