To whom it may concern:

We recognize that a key requirement for participation in the Global Compact is the annual submission of a Communication on Progress (COP) that comprises of a statement of continued support for the Global Compact, a description of practical actions that our company has taken since our last COP, and a measurement of outcomes or expected outcomes.

We ask for an extension period in order to be able to align our COP deadline with our internal reporting cycle. Our new COP report will be posted on the Global Compact website by February 2014 at the latest.

Sincerely yours,

Francesco Conterno

President
