

## United Nations Global Compact Statement of Support

July 2013

Royal Mail Group is committed to making a positive contribution to the communities that we serve. We connect millions of customers, businesses, organisations and communities, including those in the most remote rural areas. Our vision is to be the most successful delivery company in the UK. In order to achieve this, we know that it is critical to ensure a sound and sustainable Universal Service for the benefit of everyone in the UK.

We aim to be a leader in responsible business. Royal Mail Group has been a signatory of the United Nations Global Compact since 2005 and we continue to support its principles. We employ robust governance and management processes to drive our CR performance. We commit to a high standard of external disclosure of our performance and use the Global Reporting Initiative Index to achieve this. Finally, we commit to measuring our performance against peers using leading global corporate responsibility and sustainability benchmarks.

Our annual Corporate Responsibility Report meets our United Nations Global Compact Communication on Progress requirements.

Moya Greene

Chief Executive Officer, Royal Mail Group
