

STATEMENT OF CONTINUED SUPPORT

MESSAGE BY THE CHAIRMAN

At Durdans Hospital we are committed to promote the 10 principles of the United Nations Global Compact (UNGC), encompassing areas of human rights, labour, environment and anti-corruption. We have incorporated these universal principles in our business strategy, decision making process, routine operations and organisational culture.

We communicate annually with our stakeholders about the initiatives taken and progress made through our communication on progress (COP), which is also highlighted in our annual report.

We are committed to continuously adhere to and promote the UNGC principles now and in future.
