United Nations Global Compact
Two United Nations Plaza

Monza august 6th 2013

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due to unpredictable surplus of activities and logistical use of internal resources for recovery, (still in progress) , the normal activities of our Finished Products Distribution Center hit hard, a month ago , by a tornado in Northern Italy.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by September 30th 2013 at the latest.

Sincerely yours,
SORDI GIUSEPPE
