

Request for Extension for 2013 COP

September 9, 2013

To the United Nations Global Compact Office:

Thank you for your continued coordination and support.

With regard to Mitsubishi Corporation's 2013 Communication on Progress (COP), we would like to request that you grant us the 90-day grace period until 9 December 2013.

As in years past, Mitsubishi Corporation intends to submit our 2013 Annual Report as our COP. However, the production and release of this year's Annual Report has been delayed in order to incorporate our "New Strategic Direction – Charting a new path toward creating sustainable growth" which was announced earlier this year. We anticipate that our 2013 Annual Report will be available by the end of September 2013.

Mitsubishi Corporation is confident that our COP will satisfy each of the elements in order to maintain our GC Active level status as well as to reaffirm our commitment to the UN Global Compact and its Ten Principles to our stakeholders.

We thank you for your kind consideration.

Best regards,
