Dear Stakeholders:

Our annual CH2M HILL Communication on Progress (COP) comprises a statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes. The annual report is very important to us, as it demonstrates our ongoing commitment to the principles of the UN Global Compact.

Effective immediately, we will post our annual COP by September 30, nine months after the report year has ended, rather than December 31 of the reporting year. This new COP due date is more aligned with our corporate reporting schedule, and will therefore enable us to provide a more complete summary of progress in our COP reports. Our new COP report will be posted on the UN Global Compact website by September 30, 2009.

Sincerely yours,
