

Tranbjerg, September 16th 2013

To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due to a key employee suffering a sudden health issue. We would like to stress the fact that it is not our CSR-activities that are delayed; it is only our annual communication about them.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by 31st of December 2013 at the latest.

Sincerely yours,

Troldtekt A/S
