Dear Sir,

Further to Vallourec's adhesion to Global Compact on July 23 ,2010 , I am pleased to confirm our company's pledge to support the ten principles of the Global Compact and our will to implement them as part of our strategy and our day-to-day operations .

As our recent Activity and Sustainable Development Report and the attached document clearly show, we achieved our 2012 commitments and we are still committed in 2013 to comply with the four domains for action of Global Compact . Therefore we shall continue to both improve our safety results and reduce the use of dangerous products. Additionally we shall also increase waste recycling and key suppliers assessments including anti-corruption practices.

Sincerely yours,

Philippe Crouzet,
Chairman of the Management Board
