Dear Mr. Tejeda:

Re: Request for Grace Period

I understand that the United Nations Global Compact has set October 26, 2013 as the deadline for UNGC signatories to submit their annual Communications on Progress. However, as we at Enbridge are not planning on posting our 2013 CSR Report – which constitutes our Communication on Progress – until October 31, 2013, I respectfully request an extension of one week.

I will note here that, beginning in 2014, we will be issuing our annual CSR Reports at the end of March instead of at the end of October, so we foresee that this request will be for just this one time.

We greatly appreciate your understanding. Please contact me if you have any concerns at all.

Very best regards,

MaryAnn Kenney
