Dear Mr. Secretary-General,

We at eWork are pleased to confirm our continual support for the ten principals of the Global Compact agreement. We hereby express our full intent to keep advancing in these areas and further implement the principles in our business. eWork is a value driven company and we are proud to work in the spirit of human rights and global consciousness.

We have now submitted a COP where we are proud to present our progress in the ten principles during this last year. We support public accountability and transparency and therefore, once again, commit to annually report on our progress according to the Global Compact COP policy and sending our next COP one year from now.

Yours sincerely,

Claes Ruthberg
