Dear Mr. Secretary-General,

I am pleased to confirm that PT Unilever Indonesia Tbk will continue supporting the ten principles of the Global Compact in respect to human rights, labor rights, the protection of the environment and anti-corruption. With this communication, we express our intent to support and advance those principles within our sphere of influence. We commit to making the Global Compact and its principles part of the strategy, culture and day-to-day operations of our company and undertake to make a clear statement of this commitment - both to our employees, partners, clients and to the public.

To strengthen our commitment to the above, we have issued the Company Sustainable Report 2008 which covers our company activities during the course of 2007-2008. Hence, we support public accountability and transparency. The report on progress has also been prepared and submitted in a public manner, both in annual shareholder's meeting and uploaded as COP Global Compact.

Sincerely yours,

Maurits Lalisang
