

**DIR.PRES. 081/13**

18 october 2013.

**United Nations Organizations**

To our stakeholders,

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due to we have started, in mid-2013, some actions that we consider important to the Global Compact Principles, which will be concluded in December. Thus, with the deadline extended, we can report them within this period, as the results could have been already measured.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by 08 February at the latest.

Sincerely yours,

**Dr. José Francisco Moron Morad**
