Trimtab Management Systems' Communication On Progress
Grace Period Letter

21 April 2009

To our stakeholders:

Trimtab Management Systems knows that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that is comprised of a statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

Trimtab Management Systems is late in creating, sharing and posting its COP report due to the significant change in its organizational activities brought about by the collapse of the system of global capitalism and what that collapse says about the effectiveness of how the corporate social responsibility movement, itself, is organized.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact in this transformed operating environment. Our new COP report will be posted on the UN Global Compact website by 1 June 2009 at the latest.

Yours for a world of peace and prosperity for all,

Steven G. Brant
