Subject: Gie Elis – Delay to submit a COP with the UN Global Compact

To whom it may concern:

We recognize that a key requirement for participation in the Global Compact is the annual submission of a Communication on Progress (COP) that comprises of a statement of continued support for the Global Compact, a description of practical actions that our company has taken since our last COP, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report, due internal required time to complete the review of our proposed practical action, and discuss it with your UNGC correspondent in France.

We hereby ask for an extension period in order to be able to submit a COP that describes our company's efforts and progress to implement the ten principles of the Global Compact. Our new COP report will be posted on the Global Compact website by September the 30th, at the latest.

Sincerely yours,

Gilles DELTEIL

Quality, Safety and Environmental Manager
