COMMUNICATION ON PROGRESS

"Kcell" JSC

INTRODUCTION

"Kcell" JSC (Kcell) is the cellular operator of Kazakhstan. The mission of the Company is development in entering new markets, creating new products and services to satisfy existing and new customer needs in exciting ways. Bring the benefits and make people's lives more comfortable through innovative services based on our skills in information and communication technologies. We will actively work with nationwide state initiatives related to delivering cutting-edge technologies to serve society.

Our company plays an important role in Kazakhstan as a business structure, innovative company and responsible citizen. Kcell operates with respect to local culture and traditions and with the principle of giving back to society.

As an active participant of United Nations Global Compact, we are implementing the ten principles in the areas of Human Rights, Labour, Environment and Anti-Corruption. We will remain diligent in working towards a more sustainable business by continuously supporting the United Nations Global Compact and implementing its principles in all aspects of our business.

In this annual Communication on Progress, we describe our actions to continually improve the integration of the Global Compact and its principles into our business strategy, culture and daily operations.

Sincerely yours,

Ali Agan CEO "Kcell" JSC

of To protect the health of the Company's employees there used the controlled systems of air conditioning depending on the outdoor temperature as well there performed a regular replacement of filters and cleaning of air supply and air conditioning systems.

Every year each Kcell employee has an opportunity pass medical inspection and if it is necessary during the autumn/ winter time have necessary injections.

In 2013 Kcell Green Office project was launched with the purpose to reduce greenhouse gas emissions and the ecological footprints of offices. Our approach: don't wait, start with yourself. We are planning to reduce paper and electricity consumption, and support recycling.

Aiming at water saving there were installed the water saving taps, to decrease the level of power consumption there were installed the power saving fluorescent lighting, to decrease of oil and petrol consumption Kcell creates car pool and reduce the number of business trips by using the 3G technologies and we are going to support recycling, we encourage bike riding and provide an opportunity to our customers and employees to use our bike parking system in our offices.
