

13.11.2013

To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are still ending projects which are important for our participation in the UN Global Compact and we want to include them in our report. This is the reason we need a postponement.

Please take our apology and let us post our COP report later.

We are late in creating, sharing and posting our COP report due to 13 November 2013. We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by 10 February 2014.

Sincerely yours,
