To PAE stakeholders:

We recognize our commitment as a participating member in the UN Global Compact to create and share an annual Communication on Progress (COP) report. We are in agreement that the annual exercise is an effective way to share best practices and drive improvement within participating member companies and throughout the Global Compact community.

Due to a system malfunction, the posting of our 2009 COP report will be delayed. However, acknowledging the importance of the report, we have requested an extension in order to be able to post a COP that describes our company's efforts and progress to implement the ten principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by August 17, 2010 at the latest.

Sincerely yours,

Ms. Meg Manthey
