Mr. Joost Heins
COP Coordinator
UN Global Compact
heins@un.org

May 27, 2010.

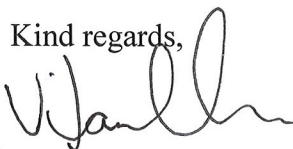

Dear Joost:

Re: Grace Period Letter

Please accept this letter as a request to the UN Global Compact Office to extend the filing date for Gabriel Resources' COP to June 17th from its present date of May 28th. Gabriel's current practice is to hold its Annual General Meeting in mid-June, which drives the preparation of the Company's Annual Report as well as its Responsibility Report – forming the core of our UNGC filing.

In addition, this year, the Company will receive results from a rigorous independent audit of its socio-economic impacts and sustainability programs in early June – past the assigned UNGC filing date. Filing in mid-June will enable us to report the independent audit findings, which would otherwise not be published for the UNGC community until 2011.

Thank you for your consideration of our request.

Kind regards,

Vera Janakievski
Manager, Investor Relations
Gabriel Resources Ltd.
