Deadline-Extension for Communication on Progress

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report because of different reasons: Our sustainability report was just published in November this year and we are just doing restructures and clarifications concerning the responsibilities and the authority for signing and the concerning process.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by 30th March 2014 at the latest.

Sincerely yours,

MMag. Ingrid Weißnegger
