Communication on Progress 2010

Dear Sir,

We hereby submit our first annual Communication on Progress that describes our company's efforts to implement the ten principles. The Wärtsilä Annual Report 2009 including the sustainability review has been prepared in accordance of GRI G3 Guidelines. We continue our efforts to provide transparent information on our sustainability performance and on our commitment to the ten principles in our forthcoming reports.

At the same time, I want to express our continued support to the UN Global Compact and to its ten principles with respect to human rights, labour, environment and anti-corruption.

Sincerely yours,
