

## **UN Global Compact - Communication of Progress - March 2010**

VTC Malaysia are committed to the ten principles of the UN Global compact and will continue to implement practical actions in order to make further progress in 2010.

The target principles for focus in 2010 are,

Principle 1 – Businesses should support and respect the protection of internationally proclaimed human rights

Principle 8 - Businesses should undertake initiatives to support greater environmental responsibility

Principle 10 – Businesses should work against corruption in all forms, including extortion and bribery

The following actions will be taken to support this objective in 2010.

1. External auditors will be used to audit and review arrangements for the payment, accommodation and health care of foreign contract workers.

Measurement of progress

- (i) An audit report will be produced by July 2010
- (ii) Audit points will be addressed by December 2010

2. The recycling of packaging materials including pallets, bags will be actively promoted and a contractor charged with ensuring this process is sustained

Measurement of Progress

- (i) The recycling process will be established by June 2010
- (ii) Monthly reports of quantities of recycling will be produced for review at the monthly management meeting

3. All staff involved in commercial transactions will be given anti-corruption and anti-trust training to ensure that the businesses commitment is clearly communicated and understood.

- (i) Training to be completed by September 2010
