To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP). This comprises of a statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact and a measurement of outcomes or expected outcomes.

As a company, we have experienced an exciting period of rapid growth. We are late in creating, sharing and posting our COP report due to the changes our organization has recently undergone.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by March 28, 2014 at the latest.

Sincerely yours,

Dave Cohene
