Dear Gordana,

Re: Adjustment Request - Israel Discount Bank

Four years since Israel Discount bank published its last CSR report, it is due to publish a new GRI G3.1 report **on July 2014**, covering the years 2012-2013 (as required by the Israeli Bank Commissioner).

However, the bank's annual Communication on Progress (COP) submission deadline for the United Nations Global Compact is **on 21 March, 2014**.

In order to align the bank's internal cycles compared with those of the COP, we would like to ask, in behalf of the bank, for a four months extension in the submission deadline.

Sincerely,

Rotem Blanc Inbar,  
Project manager, Sustainability and CSR  
BDO Ziv Haft

(In behalf of Israel Discount Bank)
