Dear Mr. Secretary-General

I am pleased to confirm that AQ Group AB continues to support the ten principles of the Global Compact with respect to human rights, labour, environment and anti-corruption. We have since last communication worked to advance those principles within our sphere of influence.

AQ Group AB has made clear statements of this commitment to our stakeholders, our employees and the general public.

We recognize that the key requirement for participation in the Global Compact is the annual submission of a Communication on Progress (COP) that describes our company's effort to implement the ten principles. We support public accountability and transparency, and therefore commit to report on progress within one year of joining the global Compact, and annually thereafter to the Global Compact COP policy.

Sincerely yours,

Mr. Claes Mellgren
CEO
