Adjustment Request: Next COP to be posted by end of June 2014

Dear stakeholders,

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises a statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We joined the initiative in late 2010 and have since published two reports. For the publication of our third report we hereby ask for an adjustment period of three months. Our corporate website is undergoing revision in spring 2014 and the COP will be part of the new website. We will post the web link to our new site on our UNGC profile by the end of June 2014.

Sincerely yours,
