AGROKOR

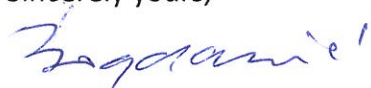

To our stakeholders

We at Agrokor Group understand that annual preparation and posting of a Communication on Progress (COP) is vital for companies' participation in the UN Global Compact. Our reports are prepared with utmost care to adequately express our continued support for the UN Global Compact and inform the readers of our practical actions that support its principles.

However, we would like to adjust the timing of our COP submission to align it with our reporting cycle. Our annual financial reporting cycle concludes at the end of April each year, after which we prepare non-financial reports.

We therefore ask for our deadline to be adjusted in order to align it with our reporting cycle. Our new COP report will be posted on the UN Global Compact website by September 30, 2014 and by the same date in subsequent years.

Sincerely yours,

Marta Bogdanic
