To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that consists of a statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact and a measurement of outcomes or expected outcomes.

Unfortunately our yearly COP due date is out of our usual reporting cycle. We communicate our progress to the UN Global Compact within our yearly sustainability report which is published in combination with our annual report in July.

Therefore we kindly ask hereby for an adjustment of our COP due date to July, 31th.

Sincerely yours,
