

Communication on Progress 2005

"Our enthusiasm for the UNGC Initiative has never wavered and our company will continue to strive to act in accordance with the UNGC principles."

Francisca de Zwager
Owner/Vice-President
Domus Accents, Inc

Our factory in the Philippines consistently passes all factory audits done by leading retailers. In our joint venture and trading activities in China we aim to work with manufacturers that substantially share our business principles, and, in any event, many of our buyers conduct factory audits that force compliance with general corporate social responsibility principles.
