

# SUSTAINABILITY IN DETAIL 2012

---

Due to the financial restructuring of SOLARWORLD AG in the year 2013, sustainability reporting 2012 was published only as an unaudited document which was subject to amendments. The audited Annual Group Report for the year 2012 was published on January 24, 2014. The updated information of sustainability reporting for the year 2012 were integrated into the reporting for the year 2013. Thus, we refer here to the Annual Group Report 2013.
