Friday the 25th of April 2014,

To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due to:

- The deployment of our integrated management system to get a Quality, Environnement and Safety certification which takes more time than expected (EN 9100, ISO 14001, OHSAS 18001)
- A call for tender regard half of our business and employees which require a strong involvement and availability of our top management

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by the 24th of July 2014 at the latest.

Sincerely yours,

Mr. Philippe ROGER

Chairman
